Spiritual Evolution: How We Are Wired for Faith, Hope, and Love

By Vaillant, George

Harmony, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Praise for Spiritual Evolution "George Vaillant is a poet, a visionary, and a scientist. This book is the culmination of a fifty-year project that revolutionized our view of human development and now may revolutionize our view of religion and spirituality." Martin E. P. Seligman, Ph.D., author of Authentic Happiness and Learned Optimism "At last an explanation of spirituality from an evolutionary perspective that does justice to both. With his tremendous breadth of experience and personal wisdom, George Vaillant is the perfect spiritual and scientific guide." David Sloan Wilson, author of Darwin's Cathedral "More than a scientific defense of faith, George Vaillant’s book is a moving account of his own intellectual quest, through science, for a spiritual view of human evolution and experience. Clearly a labor of love and a needed antidote to recent attacks on religion. An important book." Melvin Konner, M.D., Ph.D., author of The Tangled Wing "Spiritual Evolution is a truly outstanding book, an exquisite weaving of science and spirituality focused on the positive emotions. The result is a wonderful synthesis of material leading to a compassionate and empowering conclusion about the...

It turns out that the reptiles are missing the limbic region that contains the brain’s hard wiring for the most important things that make life worth living -- empathy and compassion and a willingness to care for people who are not our blood relatives. It's also the part of the brain that embraces the unselfish maternal care for the young (love, we could call it) and play (joy, we could call it) and the separation cry of babies for their parents. So the good news is that we mammals have moved up the evolutionary spiritual chain with the limbic region, but we still have the reptile’s ... Swoon!

Spiritual Evolution: How We are Hard-Wired for Faith, Hope, and Love by George Vaillant. A Harvard professor argues that spirituality is an innate part of our humanity, and traces its development in the brain and over the course of human evolution. Fascinating! And time permitting…

Amazing Grace: A Vocabulary of Faith by Kathleen Norris. Norris writes about how the language of Christianity estranged her from her faith. This book is her reflection on, and attempts to wrestle with, that language and ultimately make it her own. Reader Recommendations.
